Dear [Redacted]

STAT

Thank you so much for sending me the package of informational brochures which describe the Mission of the Agency and career opportunities available. I know this material will be helpful to Members of Congress interested in government employment programs.

It was kind of you to offer to provide additional information if needed. I will keep your suggestion in mind in the event that anything further is requested of us.

Again, your kindness and assistance are warmly appreciated.

Sincerely yours,

Alfred B. Prados
